Veyer, LLC Values and Commitment

The values of Veyer, LLC and its subsidiaries, affiliates, franchisees, joint venture partners, divisions and agents (“Veyer”) are founded on the principles of accountability and integrity. Veyer expects organizations producing goods and providing services for it, including any approved subcontractors (collectively “Suppliers”), to follow and adhere to these Supplier Guiding Principles in order to do business with Veyer. These Supplier Guiding Principles apply to all Suppliers of Veyer. The Supplier Guiding Principles represent Veyer’s commitment to source goods and services only from Suppliers who strive to comply fully with all applicable laws and regulations, and those who meet internationally recognized standards and practices in dealing with its workers and their working environment.

All Suppliers of Veyer must comply with all applicable laws and each of the following principles:

I. Labor Standards and Human Rights

Supplier may not participate in the recruitment, transportation, transfer, harboring or receipt of any persons by means of threat, use of force, or any other forms of coercion, abduction, fraud, deception, abuse of power or position of vulnerability, or the giving or receiving of payments or benefits to achieve the consent of a person having control over another person for the purpose of exploitation. Supplier may not require any of its workers to remain in employment against their will.

▪ Prohibition of Child Labor

Supplier may not use child labor. Workers should not be younger than the minimum employment age established by the respective country or local jurisdiction. Supplier should avoid making any decisions relating to hiring, salary, benefits, advancement, discipline, termination or advancement on the basis of the employee or potential employee's race, color, gender, nationality, religion, age, maternity, sexual orientation or marital status. Employees shall not be subject to verbal, physical, sexual or psychological abuse or any other form of mental or physical coercion. Supplier should not use physical violence or punishment as a form of discipline.

▪ **Conflict Minerals**

To ensure full compliance with Section 1502 of the Dodd-Frank Act relating to trade in conflict minerals, Veyer is committed to responsible sourcing practices, including practices involving the procurement and use of precious metals (e.g. tin, tungsten, tantalum and gold) at issue from the Democratic Republic of Congo and its neighboring countries (the "DRC") for use in our private brand products. It is our environmental and social responsibility to source from and adhere to responsible mining practices and the highest commitment to human rights.

Veyer will reinforce our commitment to conflict-free trade through the establishment of company management systems and supply-chain due diligence. In turn, Suppliers are expected to ensure that products supplied for Veyer's private brand products are DRC conflict free and are expected to cooperate with our due diligence process. Furthermore, Suppliers should establish policies, due diligence frameworks and management systems consistent with the *OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas* to help meet this expectation. If our Suppliers do not cooperate with our requirement to source conflict-free products or our requests for information concerning the Supplier's sourcing activities, Veyer may demand corrective action or terminate its business relationship with the Supplier.

II. **Health and Safety**

To accomplish this mission, Veyer expects Suppliers to develop and implement a sound plan to enhance security procedures.
